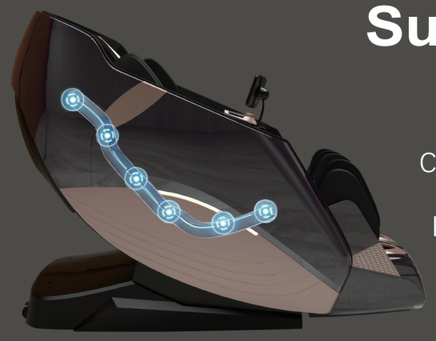
Two Zero Gravity Settings

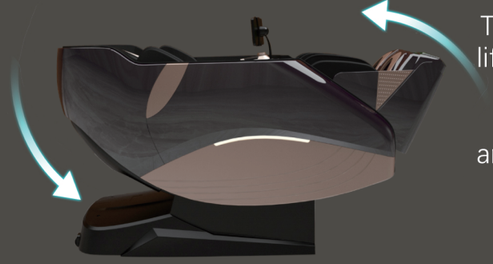
Lead You to a Deeper State of relaxation



124.3cm Super Long Track

Covers neck,shoulders, back,waist and legs, helps alleviate muscle pain and untie unruly knots.

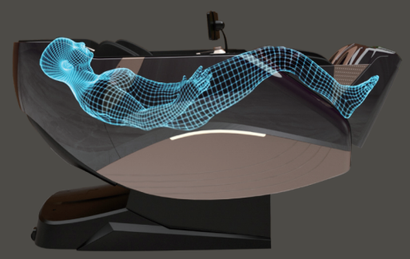
Zero Gravity position 1



The lower limbs are lifted slowly,leveling with the upper body, your body and mind enter into deep relaxation.

Zero Gravity position 2

The lower limbs are slightly higher than the upper body,in the position that the blood flow speeds up back into the heart, your body and mind enter into a deeper state of relaxation.



Developed by NASA scientists, the Zero Gravity technology has incorporated into our massage chair design, at such a weightless position that the height of the legs slightly higher than the upper body, the weight of body can evenly distributed throughout, reducing the pressure of the spine and joints both physically and mentally.
